ADTA BARGAINING BULLETIN

1

Volume 1 Number 1- April 4, 2018

BARGAINING SURVEY

Dear ADTA Members,

As you are aware, our current collective agreement ends on June 30, 2019. Prior to this date though, the ADTA and the BCTF will be actively working with all members to identify what improvements ought to be established for local and provincial tables. To that end, there is a need to hear from members as to what changes and improvements are most important for this round.

The BCTF has asked Locals to identify the items they would like considered for provincial bargaining and to submit these items to the upcoming provincial bargaining conference held in October. However, the deadline for these submissions is the end of June 2018.

To that end, the ADTA is seeking your feedback, and ask that you complete the brief locally developed survey being conducted through the BCTF.

The ADTA Executive and Bargaining Team will then use the results of the survey to help clarify direction from our members and to develop provincial objectives. These objectives will then be brought forward to a general meeting for all members wherein final decisions will be passed.

As your ADTA Bargaining Chair, I will keep you updated with additional information as the process unfolds.

For now, I ask that you please fill in the survey which will remain **open from April 4th until April 20, 2018.**
